LED industrial serie

dimensions	lamp
length 295 mm. width 230 mm height 130 mm	75 Watt LED, dimmerable version PLC / dali system on request, 3000kelvin
materials	structure finishes
extruded aluminium, reflector paper, Polymethylmethacrylate, PMMA defuser	alu painted, defuser raw structure

# (LYSTHEA)

LED industrial serie

**Development year: 2007**  
**Design by Teamtronic**  
**Purpose: Storage and industrial use**

Teamtronic offers a complete line of low maintenance Industrial LED Lighting solutions for a wide-range of industries, including cold storage, manufacturing, food processing, security, garage and healthcare. Additional benefits of LED Industrial Lighting versus florescent lighting:

Teamtronic Warehouse LED Lighting provides an energy and cost savings over standard fluorescent fixtures. Save time and money by converting your warehouse to our efficient LED options.

Teamtronic provides green solutions for lighting your warehouse.

- Excellent Light Quality  
No color variance or dark spots
- Maintenance Free  
Save money with our solution
- Energy Efficient  
The Lowest power consumption on the market

**Udviklingsår: 2007**  
**Design: Teamtronic**  
**Formål: Lager og industribygninger**

Teamtronic tilbyder en hel serie af vedligeholdelsesfri indutrielle LED lys løsninger til alle typer af industri herunder kølevirksomheder, fødevarerfremstilling, sikkerhed, garager og sundhedsindustrien.

Teamtronics LED baserede industri- og lagerbelysning giver en energi og omkostningsbesparende løsning sammenlignet med traditionelle lystofrørløsninger. Du sparer både tid, ressourcer og penge ved at skifte til energieffektive LED løsninger.

Teamtronic tilbyder grønne løsninger til din virksomhed.

- Exceptionel Lys kvalitet  
Ingen farveforvrængning eller mørke pletter/områder
- Vedligeholdelsesfri  
Sparer penge og ressourcer
- Energi effektiv  
Laveste energiforbrug på markedet, godt for din virksomhed og miljøet
